Leadership Supports

-  **Plan Development and Implementation Support.** Through a series of in-person and virtual touchpoints, our experts help school leaders create and implement actionable needs-based annual plans to foster measurable school improvement.
-  **Leadership Coaching.** Our coaching engagements begin with a collaboratively developed coaching plan outlining specific objectives and timelines. A combination of on-site and virtual supports ensure that milestones are met, while school leaders continually build capacity and skill.

SchoolWorks leadership supports are anchored in our research-based SchoolWorks Quality Criteria (SQC).

-  **SchoolWorks' approach to leadership supports is practical and job-embedded.** We ask principals to reflect on their own leadership skills and explore the connection between personal strengths and pathways to school improvement.

Why choose SchoolWorks?
