

IT TAKES A VILLAGE TO LAUNCH A CHARTER SCHOOL.

Six Compass Community School charter applications developed by SchoolWorks were approved by Shelby County Schools, TN in 2018.

School Developer Supports

SchoolWorks charter application development support is delivered with flexibility and attention to each client's needs.

-  **Writing.** In some cases, our experts author the application, incorporating the vision and component criteria defined by the founding group.
-  **Revision.** In other cases, SchoolWorks partners with design teams to review and finalize existing working drafts, or to complete designated sections of the application.
-  **Feedback.** Some founding groups simply need expert feedback on their working draft. SchoolWorks experts review and annotate applications to identify areas that require clarification and development.

SchoolWorks connects with the founding group to understand and represent the vision for the school.

SchoolWorks manages each stage of the process, ensuring that deadlines are met, and materials are submitted on time.

Why choose SchoolWorks?

To date, our experts have helped launch over 100 schools. SchoolWorks has provided charter application development support for school founders nationwide, and serves as an application reviewer in multiple states.

We meet your needs.

SchoolWorks services are provided on an hourly basis. Our experts provide a detailed estimate of all tasks and expenses. SchoolWorks only invoices for consulting hours that are used, ensuring that all work remains within budget.

Getting started is easy.

Start early. A half-hour call with our team can help us understand your needs and determine how we can best provide support. Email info@schoolworks.org to schedule a call today.
