

SUCCESSFUL CHARTER
SCHOOLS RELY ON
QUALITY AUTHORIZERS.

SchoolWorks Authorizer Supports

Effective authorizing practices are critical to fostering high-performing charter schools. The faithful execution of each practice within the cycle of the authorizer/operator relationship ensures that schools are better positioned to drive student success. At each stage, SchoolWorks offers capacity-building support to help authorizers provide a successful framework that promotes high-performing schools.

SchoolWorks Cycle of Quality Authorizing

SchoolWorks currently supports authorizers in over half the states that have enacted charter school laws.

Performance Frameworks. SchoolWorks helps authorizers create and implement oversight systems that establish clear, transparent expectations for schools and hold them accountable for action.

- *System Design:* Development of oversight and accountability processes, tools, and rubrics.
- *System Upgrade:* Refinement of oversight processes and tools to tighten methodology and increase consistency and efficiency.

Authorizing System Supports. SchoolWorks helps authorizers manage and execute decision-making processes for both authorization and renewal.

- *Outsourced Management:* Oversight and execution of processes in accordance with a defined policy/protocol.
- *Task Support:* Application review, capacity interviews, renewal site visit facilitation, etc.

Technical Assistance. SchoolWorks provides in-person and virtual training and support for authorizers across key practice areas.

Additional Supports.

- Authorizer evaluation/needs assessment
- Strategic planning
- Coaching/thought partnership
